### Grabo Nemo Portable Electric Vacuum Cup

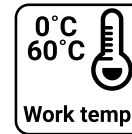

A new and revolutionary way to lift and handle tiles, Glass, concrete, dry walls, plywood furniture and much more. Designed for flooring professionals, Glass installers, carpenters, movers, construction workers, cuisiniste and more.

Nemo Power Tools builds quality premium tools which are built to last and get the job done every time. Each product is the result of years of great engineering, development and non-stop quality testing. Grabo is manufactured in-house in our privately owned and operated factory, where we control the full cycle of production and quality control. No third party contractors are used in the production, assembly, testing and packing of Grabo. Each Grabo is marked with a serial number and individually tested for pressure and strength before it is packed for delivery. In addition, several units of each production batch are tested until destruction in our own-site lab.

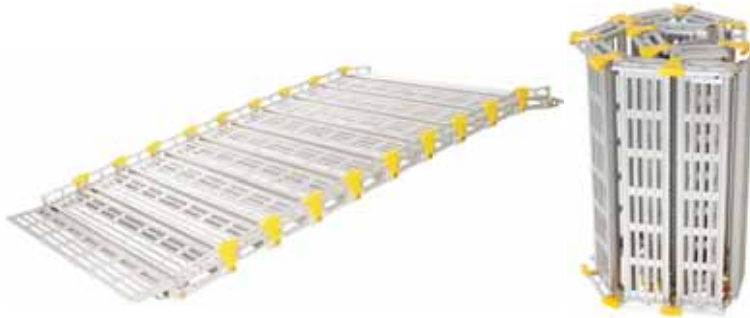

- Nemo Grabo unit
- 2x Batteries (16V Li-ion)
- AC/DC Charger
- Replacement seal
- 2x Replacement seal (filter & holders)
- Lifting strap

- Up to 375 lbs of holding force
- 1 year warranty

Included :

## ROLL-A-RAMP

### Roll-A-Ramp® HD™

ROLL-A-RAMP® HD™ is an innovative portable ramp that can be used to get equipment and materials up or down a flight of stairs, into or out of a vehicle or over obstacles. Injuries can be avoided and time saved. The ramps roll up or can be folded for storage in small spaces where standard ramps won't fit. Custom lengths are available and longer ramps can be shortened quickly if needed. Sections can also be added to extend the ramp.

- Light weight
- Rolls down or folds for compact storage

## Quartz Renew Starter Kit

Quartz Renew is a system designed to pick up where diamond polishing finished or correct small damaged areas and bring the material up to match the factory finish. The 3-step Quartz Renew polish chemicals puts texture back into the repair area and removes any residual hazing from polishing.

## Stone Cleaners

214M 631C  
 515C 725C

Stone cleaners are ideal for cleaning and degreasing kitchen and bathroom countertops or other natural stone and engineered surfaces. They are designed for granite, marble, terrazzo, ceramic, engineered stone, stainless steel and other materials depending on which one you choose. Maintain your investment with regular cleaning to ensure its beauty and long-term wealth.

Stock No. 790207

## GranQuartz™ BigDog Chiseler

The Pit Bull is all grown up now! GranQuartz™ now offers the BigDog Stone Chiseler with a full 2 to 8 cm bite!

- Powerful air over hydraulic ergonomic design
- 5 tons of pressure at 100 psi
- 2cm to 8cm capacity with one tough machine
- Creates straight edges
- Comes complete with pump and 3 sets of quick change mining grade carbide teeth for multiple edge designs
- Works on engineered stone, volcanic stone, granite & marble

### Include :

Teeth set for soft stone (YOD.365421), Teeth set for laminated stone (YOD.980304), Teeth set for Narrow/Hard laminated stone (YOD.673385).

**\$ 3999.99**

Stock No. 993110

## Samich® Legend® CT

What makes the Legend® CT so unique is that rather than taking a hand grinder and making its working width larger, we took the proven technology of floor machines and made it smaller. Current "planetary" machines lack strength and durability. The Legend® CT is the answer to both issues. The Legend® CT features a large motor that is centered over the grinding head making the 36 lbs. machine better capable of creating even surfaces.

- 11.5" (292mm) working width (3" x 4")
- 1 HP Power
- 10 Amps
- 120 Volts
- 36 lbs.
- Tank capacity : 2 liters
- Variable Speed- 330-770 RPM

## Barranca BD-2321WR

The Barranca Diamond BD-2321WR pneumatic wet polishing tool is designed for continuous production applications and improved safety. Cast from aircraft aluminum, the BD-2321WR is one of the most durable tools of its kind on the market for polishing stone. The watertight sealed bearings provide long life and smooth rotational speeds. The water and air controls are simple to use and conveniently located. Rear air vent removes exhaust through a hose protector, away from operator's hands. It consumes 16 CFM at 90 PSI, requiring a 5 HP compressor. Maximum disc size is 5". The BD-2321WR comes with 25' water hose, 5' air hose, 3' air/water hose protector, D-handle and wrenches. Ninety day limited warranty.

Stock No. 600500

## ALPHA®

**\$ 862.50**

Stock No. 116736

## Alpha® PSC-150

Since it is a pneumatic powered motor, you can save the repair and maintenance costs of electric stone cutters when sink-hole cutting and groove-cutting for rodding applications. Alpha® offers a carriage that retrofits on the Alpha® Guide Rail System to support the application of making precise miter cuts for the perfect lamination. The PSC-150 offers kink-free water and air hoses to improve the maneuverability of the stone cutter.

Setup needs to have a minimum 10 hp compressor with a 120 gal tank. To run the PSC150 correctly at 2 HP you need to have 48 cfm coming into the tool.

Standard equipment : 3 flanges, 2 bolts (M6x30), Side handle (reversible), Combination wrench, Air and water hose (15ft.) and Eclipse II Blade

## Blue Ripper Jr. Rail Saw

- Makita 71/4" hypoid saw, 110V, 15 amps
- 8" Incursion series ultra thin turbo blade
- Premium water hose quick disconnect
- 10ft. water hose with inline ball-valve shut-off
- GFCI (Ground Fault Circuit Interrupter)
- Bore size : 5/8"
- Warranty : 1 year (parts and labor)
- \* Rails sold separately

# ADHESIVES

**\$ 27.00**

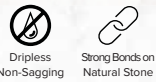

Stock No. 709955

Stock No. 709917

## Component Bonder

Component Bonder is a dripless, quick drying, acrylic structural adhesive that bonds steel, aluminum, and fiberglass to all solid surfaces. Perfect for rodding and bonding clips.

Combined at a ratio of 1:1, Component Bonder has a working time of 4 to 8 minutes and achieves nearly 90 percent of its ultimate strength in 10 to 15 minutes at room temperature curing. Component Bonder provides high strength bonds to acrylic solid surface, polyester solid surface (both filled and unfilled), and alloy solid surface (combinations of both acrylic and polyester solid surface resins) and the steel clips, rods, fiberglass and other materials. Component Bonder bonds very strongly to steel, stainless steel, and aluminum metals. Component Bonder is NOT UV STABLE, AND WILL YELLOW OVER TIME and must not be used to create imperceptible seams in countertops.

## Integra Adhesives

**10%**  
\$ 24.50

**\$ 21.95**

Stock No. 77xxxx

## Surface Bonder Zero

Surface Bonder Zero is a non sagging adhesive specifically designed for Quartz and Natural Stone products. Its non-sag properties make it ideal for mitered edges, the adhesive stays right where you put it. Surface Bonder Zero is also great for vertical applications making it an ideal adhesive for deck seam installations in the field. No drips, no mess.

Surface Bonder Zero comes packaged in our 250ml 10:1 cartridges and is compatible with the standard Integra Adhesives 250ml dispenser, as well as any other 250ml dispensers of your choice. Surface Bonder Zero is currently offered in 45 colors, matching the most popular Quartz and Stone designs in the industry. There is also a wide range of true whites available for all the trending white Quartz and Natural Stone slabs.

## Aardwolf® Slab Gripper Original

The patented Aardwolf® Lifter is an accessory for lifting and moving slab-form loads. The Aardwolf® Lifters incorporate a spring-loaded latch that automatically releases the lifter from the slab once the slab has been fully lowered to the ground. This makes the process of lifting and lowering of slabs a one-man operation.
