

GranQuartz™

2025 Q1 CONCRETE PROMOTION

Valid through January 13 until March 31, 2025

*While quantities last

New **LAVINA** Models will be released at World of Concrete.

Stay tuned!

Schwamborn DSM 450

For universal use. Compact in design and easy to use. The DSM 450 is an all purpose machine for stripping, scarifying, grinding and polishing. For transport purposes it can be dismantled in two parts.

- Voltage : 220 Volt x 1
- Frequency: 60 Hz
- Motor: 2,2 kW
- ø-working width: 450mm (18")
- Horsepower: 3 Hp
- Power consumption: 16 Amp
- Grinding pressure: 35kg (77lbs.)
- Working to the edge: 10mm
- Tool speed: 400-1200 rpm
- ø-suction outlet: 50mm (2")
- ø-tool dimension: 180mm
- Tank: 10L (2.6gal.)
- DIF - Diamond floating device
- Tool turning direction: Reverse (CCW/R)
- ETX - Easy tool exchange
- Standard with a water dosing service
- Ergonomical handle design
- Dismountable for transport
- Speed control

Stock No.	Reg. Price \$	Sale Price \$

Schwamborn DSM 250

Fast, easy and ergonomically grinding of edges without being on your knees. A swivelling grinding head allows three working positions: Left-Right-Center. An individually adjustable dust shield ensures dust free grinding and low vibrations as well. Grinding and polishing of concrete, screed and stone floors, removal of glue and filler, leveling of uneven floors.

- Voltage : 220 Volt x 1
- Motor: 2,2 kW
- Horsepower: 3 Hp
- Frequency: 60 Hz
- Power Consumption: 16 Amp
- ø-grinding disc: 1 x 250mm (10")
- Grinding pressure: 35kg (77lbs.)
- Weight: 57kg (126lbs.)
- Working to the edge: 0mm
- Tool speed: 1450 rpm
- ø-working width: 250mm (10")
- ø-suction outlet: 50mm (2")
- DIF - Diamond floating device
- MOP - Motor overload protection
- Tool turning direction: Reverse (CCW/R)
- Dead man switch
- ETX - Easy tool exchange

Schwamborn DSM 250S

Working up to the edge

The new DSM 250S with pivoting grinding head for rimless grinding. The perfect addition to professional subsurface preparation and finishing of highly polished concrete and designer floors. Equipped with a water tank and continuous speed control for optimum wet grinding.

- Voltage : 220 Volt x1
- Motor: 2,2 kW
- Horsepower: 3 Hp
- Frequency: 60 Hz
- Ø-Working width: 250mm (10")
- DIF - Diamond floating device
- Swiveling grinding head left/right
- ETX - Easy tool exchange (Velcro)
- Tool speed: 740-1500 rpm
- Grinding pressure: 35kg (77lbs.)
- Weight: 56kg (123lbs.)
- Working to the edge: 0mm
- Ø-Dust control: 50mm (2")
- Dimensions: 100L x 40W x 100H cm
- Borderless grinding and polishing

513527	7,416.99	6,304.44

Schwamborn DSM 650RC

Maximum grinding ease!

Let the Schwamborn DSM 650RC do the grinding. Suitable for large working surfaces, agile and versatile in use. Display information on current machine performance ensure a uniformly high surface quality and maximum productivity.

Grinding concrete, screed, industrial floors, asphalt, sticking of concrete, screed and asphalt, large-scale renovation, remove adhesives, coatings, fillers, regulate uneven floors, grinding and polishing concrete, screed, asphalt, natural stone, terrace

- Voltage : 460 Volt x 3
- Frequency: 60 Hz
- Motor: 11kW
- Ø-Working width: 650mm (26")
- Ø-Grinding disc: 3 x 230mm (9")
- Tool speed: 400-1200 rpm
- Adjustable grinding pressure: 165-230-200kg (364-507-440lbs.)
- Weight: 450kg (992lbs.)
- Working to the edge:10mm
- Ø-Dust control: 76mm (3")
- Water Tank: 15L (4gal.)
- ETX - Easy tool exchange
- DIF - Diamond floating device
- MOP - Motor overload protection
- Counter rotating tools
- Speed control
- Dead man switch
- Narrow design for passing through doorways
- Automatic battery charging during operation
- Battery power for loading and unloading
- Display with power indicator
- ETX-2 tool holder
- High-performance load gearbox
- Anti-shock transmission mounting (ASD)
- Crane hook
- 180° turning manoeuvres with overlapping
- Automatic movement
- Trimming, uniform grinding straight ahead
- Display info with tool velocity and speed
- Shuttle movement, uniform overlapping
