## INTEGRA XI

- Automates adhesive application
- The strength of an epoxy, with the speed and color stability of an acrylic
- Eliminates hand mixing and tinting
- Reduces waste
- Cures in as little as 20 minutes
- GREENGUARD-certified for safe indoor air quality

SAVE NEARLY  
**20%**

— \$31.00 —  
**\$24.99**

250ml

Applies only to Integra Xi (Legacy) products and valid while quantities last. Integra Xi+ is not included in this promotion. Once liquidated, the new generation Integra Xi+ will replace this line.

## DIAREX ASSASSIN SPONGE PADS 4"

- For Quartz, Engineered Stone & Marble
- QRS backing for fast attachment
- Great for edge polish & repairs
- Fixes marble etch marks under 1500 RPM

## DIAREX BLUE SHARK BLADE (B) 14"

- Ideal for granite and engineered stone
- Good for quartzite
- Great for straight cutting
- More rigid than competing blades
- Pre-drilled 2x Breton, 2x Denver and 1x Donatoni guide holes
- Standard bore : 60/50mm / XL bore : 100mm
- Core type : Silent
- Segment size : 25x20mm

~~—\$439.99—~~  
**\$ 219.99**

DISCOUNT  
**50%**

Available while quantities last

## KONIG RAZOR BLADE 18" V4Y

- Ideal for Dekton, Lapitec, Neolith, Laminam, GeoLux etc...
- Good for granite and engineered stone
- Don't use for quartzite New segment composition Pre-drilled 2x Breton, 2x Denver and 1x Donatoni guide holes
- Standard bore : 60mm / XL bore: 100mm • Core type : Rigid / Segment size: 40 x 10 mm

## **KEEP-NUT™: The Fastest, Strongest Anchor for Undermount Sinks**

Adhesive-free, low-profile inserts that outperform traditional sink clips—in granite, quartz, porcelain, and more.

Undermount sink installs don't have to be slow, messy, or unreliable. The KEEP-NUT™ insert delivers high-strength, adhesive-free anchoring in granite, quartz, porcelain, and other solid surfaces—without the wait time, cleanup, or hassle of traditional sink clips and epoxies.

### **KEEP-NUT™ ADVANTAGES FOR FABRICATORS:**

- **Ultra-Low Profil** – Just 6.5mm high—ideal for 10mm to 3cm materials
- **Adhesive-Free** – No epoxies. Just drill, press, and anchor
- **Universal Fit** – Works in quartz, granite, sintered stone, porcelain, and more
- **Manual or CNC Ready** – Install with grinder, CNC, or KDM115 machine
- **Built to Last** – Stainless steel design resists corrosion and moisture.

### **Works on:**

GRANITE

MARBLE

ENGINEERED  
STONE

UHPC

PORCELAIN

DEKTON

GLASS

COMPOSITES

## **KEEP-NUT™ Full Set for Undermount Sinks (1/4-20 Thread)**

- **Includes:** **KEEP-NUT™** insert, Allen post, wing nut, star washer, Z-shaped sink clip.
- **Perfect for:** Securely mounting sinks in stone, quartz, solid surfaces.

## **KEEP-NUT™ Inserts (1/4-20 Thread) 100 Pack**

- **Fast, Adhesive-Free Installation** - No resins or epoxies required—just drill and insert.
- **Exceptional Holding Strength** - Pull-out resistance up to 650 lbs in solid surfaces.

## **Allen Posts, Wing Nuts & Star Washers (1/4-20 Thread)**

- **Complete Installation Pack** - Includes 1-1/4" Allen posts, wing nuts, and star washers for **KEEP-NUT™** sink mounting systems.

## **"Z" Shaped Sink Clips - 100 Pack**

- **Stamped Metal Sink clips** are used for undermount sink mounting.
- **Made in the USA** and used in conjunction with the Keep-Nut sink anchors.

Fabricators need a sink anchoring system that can withstand heavy use. **KEEP-NUT™** inserts have been independently tested and meet ASTM C1354 standards, ensuring exceptional pull-out strength across multiple materials.

### **WHY KEEP-NUT™ OUTPERFORMS OTHER ANCHORS:**

- **High Strength Performance** - With pull-out strength averaging 500-650 lbs per insert, **KEEP-NUT™** ensures sinks remain securely fastened even under heavy use.
- **Superior Load Distribution** - The elastic crowns within the insert expand radially, creating a mechanical lock that resists both pull-out and shear forces.
- **Certified for Structural Reliability** - Meets ASTM and ETA standards, making it a trusted choice for commercial and residential applications.

	MATERIAL	AVERAGE PULL-OUT LOAD (LBS)
	Corian (10mm)	650 lbs
	Porcelain (12mm)	562 lbs
	Quartz (12mm)	540 lbs
	Granite (12mm)	530 lbs
	Marble (12mm)	495 lbs

## **ESSENTIAL INSTALLATION TOOLS:**

	<b>Go/No-Go Hole Tester/Depth Gauge</b>	Ensures accurate hole depth.
	<b>Insertion/Setting Tool</b>	Facilitates quick insertion.

## **PREMIUM BITS (Longer Lasting & Universal for All Surfaces)**

Bit Type	Drilling Method	Compatible Surfaces
<b>11.5 mm 5/8-11 Thread Grinder Bit (Orange)</b>	Manual Grinder	Universal - All Surfaces
<b>11.5mm CNC Bit 1/2 GAS</b>	CNC Router	Universal - All Surfaces
