GORILLA GRIP® ORIGINAL SEAM SETTER

The Gorilla Grip allows seams to quickly open or close just by running the palm of your hand over the roller nut. This system provides speedy and powerful clamping with a minimum amount of effort. An electric vacuum pump is used to ensure reliable, consistent and powerful clamping of the pods to the deck. Also works well with slightly porous stones.

🔥 BUY THE GORILLA GRIP SEAM SETTERS, RECEIVE A FREE VIKING ARM TOOL 🔥

GORILLA GRIP SEAM SETTER 2.1 (NO CAMS)

The improved Gorilla Grip keeps all the benefits of the original while introducing two major upgrades. Cams have been eliminated and replaced with four built-in leveling points, providing easier seam access and more precise alignment. An additional ½" of space between the pods also allows users to remove excess glue before it cures, saving both time and money.

FLEX 120V Brushless Rotary Drywall Sander

VIBRATION & DUST CONTROL

XX% less vibration 90%+ Dust collection efficiency protects your health and keeps site clean

EXTREME LIGHTWEIGHT

The lightest long neck drywall sander in the world to reduce strain on your arms and back

SPEED SETTING

Offers more control on both light and hard compounds

SUPERIOR ERGONOMICS

T handle offers superior ergonomics during operation

ON-BOARD ILLUMINATION

Comes with detachable light ring to reveal unevenness

EXTREME SMOOTH FINISH

Eccentric sanding motion and 160-degree free pivoting head allows no gouging and leads to best-in-class finish quality

FASTCLIP DUST PORT

Secures hose for operation without interruption

BRUSHLESS MOTOR

Higher working efficiency and less maintenance

TARGET USERS

Drywall/Painter

Remodeling

Handyman/
General Contractor

30 SECOND PRODUCT PITCH

The FLEX 120V Brushless Eccentric Drywall Sander, the wall and ceiling sander with features that take your productivity to the next level. Thanks to the revolutionary carbon fiber extension tube, which is 40% lighter than aluminum, FLEX FC3171X weighs just 6.5 lbs. and offers unparalleled handling and fatigue-free working over extended periods. With eccentric sanding motion, over 90% of dust collection efficiency and 160-degree free pivoting head, users get exceptional smooth finish with virtually no dust. The tool is also equipped with FLEX detachable light ring to reveal unevenness on the surface during sanding – eliminating the need for time-consuming reworking.

CUTTING TOOL

FLEX

FX2481-2J

Power through tough metal and masonry cuts with the unrelenting power of the FLEX 24V 9" Handheld Cut-Off Saw, which delivers fast cutting speeds up to 6,600 RPM.

FX4111-1A

The FLEX 24V Brushless Oscillating Multi-Tool channels up to 20,000 OPM, to cut, trim, plunge, sand, grind, and scrape with confidence. Maintain control with advanced vibration suppression.

FX2131A-1C

First of its kind, this in-line saw design provides total balance and improved visibility with a clear view on both sides of every cut. The FLEX 24V Brushless 6-1/2" In-Line Circular Saw rips through 3X in one pass.

FX2141R-1J

Rip through miles of 2x4s with the FLEX 24V Brushless 7-1/4" Rear Handle Circular Saw. Both lightweight and durable, this precision cutting tool is a control freak, positioning the blade to the left of the motor and placing the handle at the rear to optimize line of sight.

FX2271-1C

No demo is too tough for the FLEX 24V Brushless Reciprocating Saw. This saw features fast, orbital cutting action and delivers more cuts per charge.

FX2241-1A

With the FLEX 24V One-handed Reciprocating Saw, one hand is all you need to cut to the quick on lumber, copper pipe, or whatever else the job throws at you. Includes the FLEX 24V 5-7/8" Metal Cutting Circular Saw, 24V battery, and charger.

FX2461-Z

Power through a variety of metal including decking, sheet metal, conduit, strut, pipe, and metal roofs and siding with up to 4,500 RPM and an up to 2-1/4-inch cut capacity using the FLEX 24V 5-7/8" Metal Cutting Circular Saw.
